

## ICAR-CIFA celebrates National Science Day

28 February 2019  
Bhubaneswar

ICAR-Central Institute of Freshwater Aquaculture, a premier institute for research in freshwater aquaculture observed National Science Day today. The Institute observed an open day where in young school children came and explored fishery science. Scientists of the institute took the student on a guided tour to Farm facilities, Minor carp Hatchery, Diversified species, ATIC, Feed mill, Air breathing fish and Aquarium. A lecture was organised on the theme for 2019 “Science for the people and the people for science”. Around 160 students from Saraswati Sishu Vidya Mandir, Gudiapokhari; Arjuneswar Dev Bidyapitha, Kairi; Swapneswar Dev High School, Laxminarayanpur and G. P. High School, Pubasasan participated in this event. Dr S K Swain and Dr S C Rath, Principal Scientists of the Institute addressed the students on this occasion. Sri Anil K Swain, Asstt. Teacher, Kairi urged that this event may be organised every year involving more school children. An exposure visit to such a large institute and its facilities will have a lasting impression on the young minds added Sri Swain.
