

**“Training cum Awareness on Fish Farming in Salt Affected Regions”  
organized by Regional Research Centre, ICAR-CIFA, Bathinda**

Regional Research Station Bathinda of Central Freshwater Aquaculture Research Institute (ICAR-CIFA) has organized a one-day program on "Training cum Awareness on Fish Farming in Salt Affected Regions" on 25 November 2022 under the SCSP programme. Dr. Mukesh Kumar Bairwa, Scientist In-Charge, Regional Research Centre, CIFA Bathinda

delivered the welcome address and explained the importance and scope of fish farming in salt affected areas with special reference to salt affected areas like Bathinda, Mansa Faridkot Sri Muktsar Sahib. In this programme 50 farmers (most of them SC farmers) from nearby villages of Bathinda, Punjab participated. Mr. Ajit Singh, Former Assistant Director, Fisheries Department, Bathinda Punjab explained the current status and future scope of fisheries in Punjab. The program ended with vote of thanks.
